# WELCOME TO **TAIFOCUS**

Welcome to Taifocus Company Limited. We are thrilled to introduce you to our organization, a place where innovation meets excellence, and our commitment to quality and integrity forms the foundation of all we do. Since our inception, we have dedicated ourselves to pushing boundaries and creating impactful solutions that inspire progress, empower people, and deliver outstanding value to our clients and communities.

At Taifocus, our team of talented professionals is the driving force behind our success, constantly striving to make a positive difference in every aspect of our work. We are proud of the collaborative culture we've built, one that embraces diversity, fosters creativity, and encourages continuous learning and growth.

As we look to the future, we remain steadfast in our mission to lead with purpose and responsibility, delivering innovative solutions while upholding the highest standards of service. We are excited to continue our journey of growth and evolution alongside you and look forward to building a sustainable and prosperous future together.

Thank you for your interest in Taifocus Company Limited. We are honored to have your support and trust.

Warm Regards,  
**TAIFOCUS COMPANY LIMITED - HQ TEAM**  
DAR ES SALAAM, TANZANIA

## COMPANY OVERVIEW

Founded in 2010, Taifocus Company Limited is among leading manufacturer of innovative, durable, and high-performance agricultural equipment across East and Central Africa. With a focus on quality and sustainability, we provide farmers and agribusinesses worldwide with machinery and tools designed to increase productivity, enhance efficiency, and reduce environmental impact.

## EMPOWERING AGRIBUSINESS

At Taifocus Company Limited, we understand the evolving needs of modern agriculture. Our product lineup includes a wide range of equipment, from egg incubators, ice making machines and cold rooms to specialized planting and irrigation solutions. Each product is engineered with cutting-edge technology and built to withstand the toughest agricultural conditions, helping our clients maximize yields and streamline operations.

With a dedicated team of experienced technical experts and engineers, we prioritize research and development to stay at the forefront of industry advancements. By working closely with poultry keepers, farmers, agronomists, and agricultural leaders, we continually refine our products and services to address the dynamic challenges of today's agriculture.

Taifocus Company Limited is committed to sustainability and innovation. We are proud to offer eco-friendly solutions that reduce resource consumption and support sustainable farming practices. Our goal is to empower farmers to cultivate more productive, resilient, and sustainable farms through reliable and effective equipment solutions. We look forward to contributing to a vibrant future for agriculture with machinery that makes a meaningful impact.

## ABOUT TAIFOCUS

Taifocus is a premier manufacturer and supplier of advanced agricultural equipment, committed to supporting farmers and agribusinesses in achieving greater efficiency, productivity, and sustainability. Since our founding in 2010, we have been dedicated to designing and producing high-quality machinery that meets the demands of modern farming. At Taifocus Company Limited, we are committed to sustainable farming practices. We engineer our products with energy-efficient technology, reduced emissions, and long-lasting materials to help farmers lower their environmental footprint while increasing productivity. Through dedicated partnerships, exceptional service, and a commitment to quality, we strive to support people and farmers in building a stronger, more resilient agricultural industry.

## CUSTOMER SUPPORT

We believe that a strong product is only as good as the support behind it. Our dedicated customer service team offers comprehensive training, technical support, and maintenance services to ensure our equipment performs at its best throughout its lifespan.

## INNOVATIONS + R&D

Innovation is at the core of Taifocus Company Limited. We invest significantly in research and development to stay at the forefront of agricultural technology, manufacturing and global distribution. Our R&D team collaborates with industry experts, agronomists, and farmers to develop products that not only address current agricultural challenges but also anticipate future needs. This commitment allows us to continuously improve equipment performance, fuel efficiency, and environmental impact.

## VISION

To be the global leader in innovative, sustainable agricultural equipment, empowering farmers and agribusinesses to cultivate a more productive and environmentally responsible future.

## MISSION

To design, manufacture, and deliver high-quality, efficient, and sustainable agricultural machinery that meets the evolving needs of farmers worldwide. By investing in advanced technology and continuous improvement, we aim to maximize productivity, promote sustainable farming practices, and enhance the lives of those who work the land.

## CORE VALUES

Our customers' success is our success. We listen to their needs and provide exceptional support, service, and solutions that enhance their productivity. Choosing Taifocus Company Limited means partnering with a leader in agricultural equipment manufacturing and distribution that is dedicated to empowering local and global farmers, and agribusinesses with reliable, innovative, and sustainable machinery. Here's what sets us apart:

### 01: INNOVATION

We embrace cutting-edge technology and continuous improvement to create advanced equipment that meets the evolving needs of modern agriculture.

### 02: QUALITY

We are committed to delivering durable, reliable, and high-performance products that empower farmers to work efficiently and effectively.

### 03: INTEGRITY

Honesty and transparency guide our interactions with clients, partners, and employees. We are dedicated to maintaining trust and accountability in all our relationships.

### 04: SAFETY

We ensure that every piece of equipment is built to the highest safety standards, protecting both farmers and the environment.

### 05: TEAMWORK

We believe in the power of collaboration, fostering a positive, inclusive culture that values each team member's contributions and respects diversity.

## PRODUCTS & SERVICES

At Taifocus Company Limited, we provide a comprehensive range of innovative and reliable agricultural equipment designed to meet the diverse needs of farmers and agribusinesses worldwide. Our products are crafted with precision engineering, ensuring durability and high performance in even the most challenging farming conditions. We are committed to supporting agricultural productivity and sustainability through the following products and services:

### INCUBATORS

Manual/automatic: electrical, solar & gas egg incubators

### COLD ROOMS

Design & building in-premise and movable cold-rooms

### ICE CREAM MACHINE

For profit making ice-cream machines

### MODERN STOVE

Affordable eco-friendly stove that use waste oils

### ICE BLOCK MACHINE

For plastic bags & moulded ice block machines

### IMPORT OF EQUIPMENT

Agricultural machineries for small industries

## TAIFOCUS GOALS

At Taifocus Company Limited, our goal is to empower the agricultural community with high-quality equipment and dedicated services that enhance efficiency, productivity, and sustainability on the farm. We are committed to supporting our customers with industry-leading products and services that evolve with the needs of modern agriculture.

## FUTURE PLAN

As a leader in agricultural equipment manufacturing, Taifocus Company Limited is committed to advancing technology, sustainability, and customer support in agriculture. Our future plans focus on expanding our product line, embracing digital transformation, and supporting farmers in achieving more efficient and sustainable practices.

### Expanding Product Offerings

In the coming years, Taifocus Company Limited will broaden its portfolio by introducing next-generation equipment that meets the evolving demands of modern agriculture. This includes specialized machinery for precision planting, harvesting, and irrigation that optimizes yield while reducing resource consumption. We are also developing compact and adaptable equipment for small- and mid-sized farms to address the needs of diverse agricultural operations worldwide.

### Investing in Precision Agriculture & IoT Integration

To support the digital transformation of agriculture, we are dedicated to integrating precision agriculture technology and IoT capabilities into our products. Our goal is to equip farmers with tools that enable data-driven decision-making, helping them monitor, poultry projects, crop health, soil quality, and equipment performance in real time. By 2025, we aim to have IoT-enabled systems on all major equipment lines, empowering farmers to make more precise, efficient, and sustainable choices.

# INCUBATORS

**Unlock the full potential of your hatchery with Taifocus's state-of-the-art Egg Incubator Machine.** Engineered for precision, efficiency, and reliability, our incubator ensures every egg has the ideal environment to hatch successfully. With advanced temperature and humidity control, our incubators provide optimal conditions for maximum hatchability. Set and monitor your incubator with ease using the intuitive digital display and controls. Available in a range of sizes to fit any operation, from small backyard projects to large-scale hatcheries.

Perfect for All Types of Eggs! Whether you're hatching chickens, ducks, quails, or exotic birds, Taifocus Egg Incubators are built to handle it all with professional-level quality. Start Hatching with Confidence – Trust Taifocus to deliver high-performance incubators that help every egg reach its full potential. Hatch smarter, not harder!

01.

## ELECTRICAL INCUBATORS

**Looking to hatch more eggs with less hassle?** The Taifocus Electrical Egg Incubator makes it easy and efficient! Designed with modern technology and reliability in mind, our incubators provide the perfect environment for successful hatching. With Energy-Efficient Design – you are able to save on energy bills while enjoying consistent performance. Built to last, with robust construction that handles continuous use season after season.

02.

## ELECTRICAL & GAS INCUBATORS

**Power Through Hatching with Taifocus Dual Power Egg Incubators!** Meet the ultimate egg incubator that gives you the flexibility you need! The Taifocus Dual Power Egg Incubator Machine runs on both electricity and gas, giving you reliable performance even in remote locations or during power outages. Perfect for hobbyists, farmers, and hatcheries that demand high hatch rates and round-the-clock dependability.

03.

## SOLAR & GAS INCUBATORS

**Hatch with Power and Precision – Anywhere, Anytime!** Introducing the Taifocus Solar & Gas Egg Incubator Machine! Imagine an incubator that's sustainable, cost-effective, and reliable, even in remote areas. With the Taifocus Solar & Gas Egg Incubator Machine, you get the freedom to hatch anywhere—powered by the sun by day and backed up with gas at night or on cloudy days. Whether you're a hobbyist or a commercial hatchery, this incubator is built for energy efficiency, reliability, and high hatch rates!

## ICE CREAM MACHINE

**Cool Down with the Taifocus Ice Cream Machine – Perfect Ice Cream Anytime, Anywhere!** Craving delicious, creamy ice cream? Now you can make it at home with ease! The Taifocus Ice Cream Machine brings the joy of endless flavors and textures straight to your kitchen. Whether you're a fan of classic vanilla, fruity sorbets, or creative mix-ins, this machine makes it easy and fun for everyone to enjoy homemade ice cream.

## ICE BLOCK MACHINE

**Stay Cool and Keep Profits Flowing with Taifocus Ice Block Machine!** Need a reliable, high-capacity solution for ice production? The Taifocus Ice Block Machine is the perfect choice for businesses looking to produce large quantities of ice blocks quickly and efficiently. Built with energy-saving technology, so you get maximum output with minimum energy costs. It also comes with intuitive controls and easy access for cleaning and maintenance which make this machine hassle-free to operate.

Perfect for all types of uses – whether it's for preserving fish and produce, keeping drinks cold at large events, or supplying a steady source of ice for your business, Taifocus has you covered. Stay ahead of the heat with Taifocus – dependable, efficient, and built to last, our Ice Block Machine helps you stay cool and meet every demand for ice. Start producing quality ice blocks today with Taifocus!

01.

## ICE BLOCK MACHINE WITH MOULD

### **Shape the Perfect Ice Blocks Every Time with Taifocus Ice Block Machine with Mould!**

Need precision-made ice blocks for your business? The Taifocus Ice Block Machine with Mould is designed to deliver uniform, high-quality ice blocks with ease. Perfect for businesses that demand reliable and efficient ice production, our machine is equipped with customizable moulds for consistently sized ice blocks, ideal for food preservation, beverages, and industrial cooling needs.

02.

## ICE BLOCK MACHINE FOR PLASTIC BAGS

**Bagged Ice Blocks Made Easy with Taifocus Ice Block Machine!** Streamline your ice production with the Taifocus Ice Block Machine for Plastic Bags, designed to produce perfectly shaped ice blocks, ready for packaging. Ideal for businesses in food preservation, beverage service, and industrial cooling, this machine delivers reliable, high-capacity ice production for easy storage and transport.

## COLD ROOMS

**Optimize Your Storage with Taifocus Cold Rooms!** Whether you need a temporary solution for an event or a permanent setup for your business, Taifocus has you covered with our high-quality movable and immovable cold rooms. Engineered to meet the needs of various industries, our cold rooms provide optimal temperature control for food preservation, pharmaceuticals, and more.

Our movable cold rooms can be set up in a matter of hours, providing immediate access to cold storage wherever you need it. Immovable options can be customized for seamless integration into your existing infrastructure. Stay cool and compliant, ensure your products are stored at the correct temperatures and remain fresh longer with Taifocus Cold Rooms. Invest in reliable cold storage solutions today!

## MODERN STOVE

**Cook Sustainably with the Taifocus Eco-Friendly Stove – Harness the Power of Waste Oils!** Revolutionize your cooking experience while protecting the planet! The Taifocus Eco-Friendly Stove is designed to use waste oils—such as used vehicle engine oils—turning what was once waste into a powerful energy source. Perfect for home chefs, restaurants, and eco-conscious consumers, our stove offers a sustainable solution for your cooking needs.

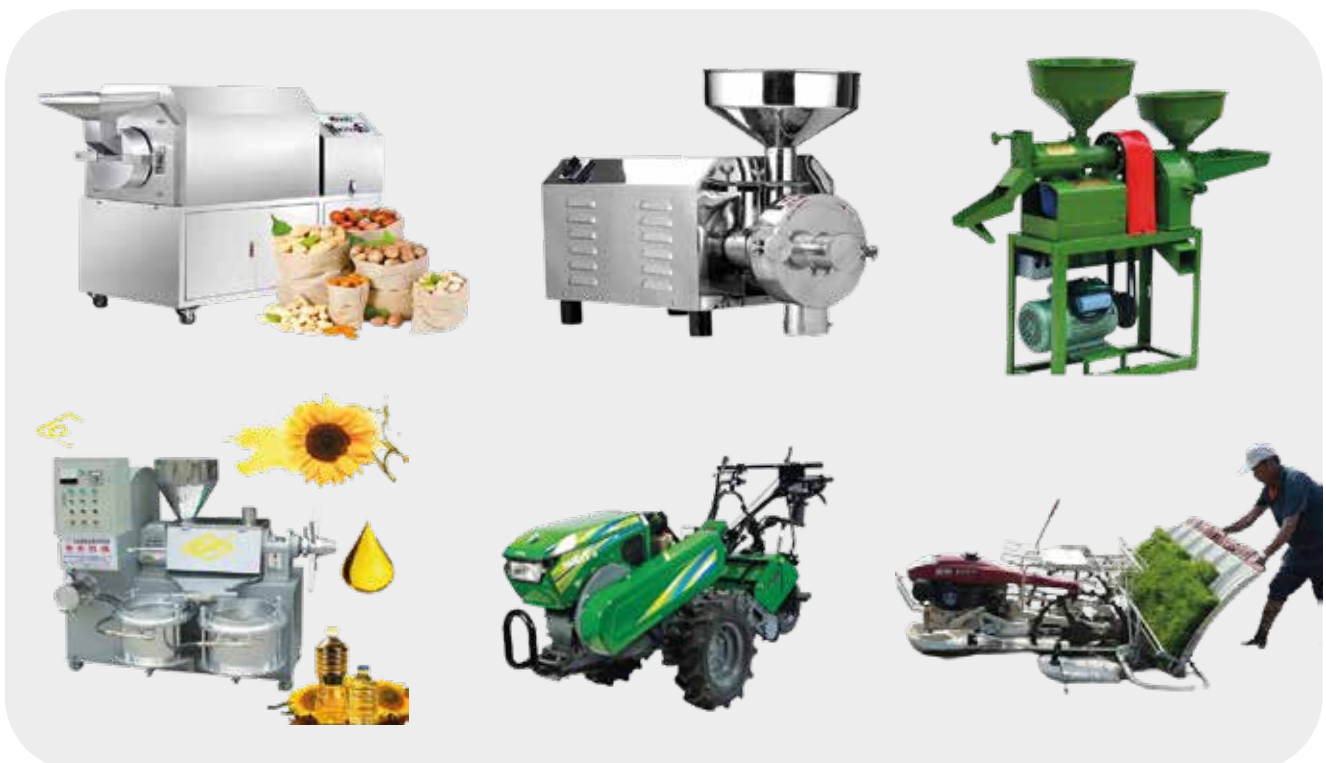

With the Taifocus Eco-Friendly Stove, you're not just cooking—you're contributing to a sustainable future. Make the switch to waste oils and enjoy the benefits of eco-friendly cooking today! Experience the joy of sustainable cooking while saving money and reducing waste. Cook Smart, Live Green!

## IMPORTING

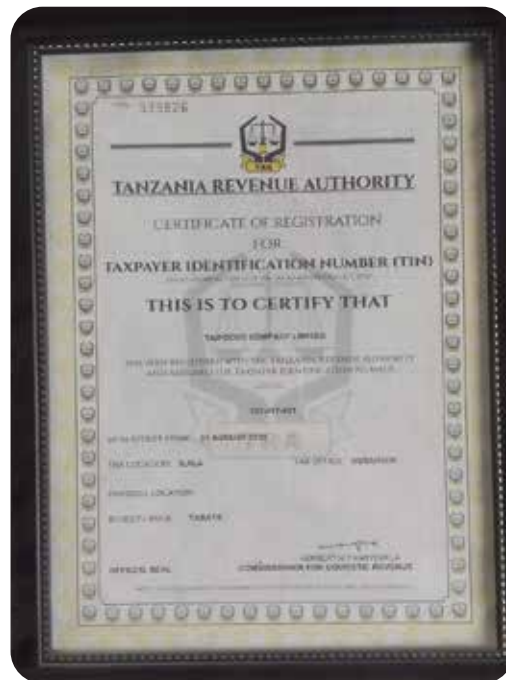

**Empower Your Agriculture Business with Taifocus – Your Trusted Agricultural OEM Global Sourcing Partner!** In today's competitive market, having access to high-quality agricultural equipment and parts is crucial for success. At Taifocus, we specialize in global sourcing of OEM (Original Equipment Manufacturer) agricultural products tailored to meet your unique needs. Our extensive network and expertise in the agricultural industry ensure that you get the best quality products at competitive prices.

Our global sourcing strategy enables us to provide you with competitive pricing, helping you reduce costs without compromising on quality. Our knowledgeable team of experts is here to provide you with insights and support, helping you navigate the complexities of global sourcing with ease.

# CERTIFICATIONS & ACCREDITATIONS

At Taifocus Company Limited, we are committed to upholding the highest standards of quality, safety, and environmental responsibility in all our manufacturing processes. We proudly comply to all legal and regulatory requirements enforced by the Government of the United Republic of Tanzania, and maintain certifications that demonstrate our dedication to excellence, including:

# WHY TAIFOCUS?

01

## **Advanced Technology & Innovation**

We invest in cutting-edge technology and R&D to provide state-of-the-art equipment that meets the demands of modern agriculture, enhancing productivity, precision, and ease of use.

02

## **Unmatched Quality & Durability**

Our equipment is built to last, engineered with top-quality materials and rigorous testing standards to withstand the toughest farming environments and ensure reliable performance year after year.

03

## **Customer-Focused Solutions**

We put our customers at the center of everything we do. From personalized consultations to ongoing support and maintenance, we work closely with farmers to provide solutions tailored to their specific needs and goals.

04

## **Training & Education**

We offer comprehensive training programs and resources, empowering farmers and their teams to get the most out of our equipment and stay updated with the latest advancements in agricultural technology.
